

Minutes of the Gimli High School Student Council
Regular Meeting
October 1st, 2009

This meeting was chaired by one of the Leadership members, Nicola Baldwin.

During this meeting we discussed the minutes of the last meeting.

Committee Reports consisted of:

Social

- talked about getting this particular council together to get the Halloween dance ready. We discussed a movie being played in the background, etc.

Wellness/School Spirit

- talked about "do we really need a mascot, are the other more dominate thing we need for our school?"

Service

- Blood Donor clinic was a success, although they didn't need as many volunteers as asked for. Another thing that was mentioned with the Blood Donor was the fact that they would like to come four times a year, rather than two.

Student Voice

- making recycling bins more visible around the school.
- daily announcement should not be written up on paper, no more Styrofoam cups in the teachers, lounge.
- combining other councils to get this information out (?)

There was no treasurer report during this meeting.

Then, we discussed a little bit about ESDSC, how the "student voice" can contribute their ideas to them and then they can pass it on to the Board.

From the topic of ESDSC, we came about talking about introducing and "Ambassador" program. Further information will be discussed in later meeting.

Next Meeting: October 8 (committees)
 October 15 (general meeting)
